

Lightpath

Educators Count on Lightpath

Lightpath is your strategic network partner with the next-generation technologies and network solutions essential for today's education institutions to succeed.

At Lightpath, we understand the evolving challenges faced by students, teachers, and administrators.

- Reliable connectivity to process large amounts of data inherent in new learning tools and connected classrooms.
- Security to stay connected.
- Solutions to meet changing state requirements.
- Affordable, easy to implement solutions.

E-Rate Eligible Solutions

LIT Fiber WANs

Dark Fiber WANs

SecureNet

Private Networks

Maximize E-Rate

Using our consultative approach, we evaluate your specific needs and help you to maximize solution funding:

- **Cost-Effective**
E-rate discounts make it affordable to access your premium services, so your budget stretches further.
- **Application Assistance**
We help in the E-rate application process, making it easier for your school to receive funding.
