TARIFF FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the Page. Pages are numbered sequentially. However, new Pages are occasionally added to the tariff. When a new Page is added between Pages already in effect, a letter is added. For example, a new Page added between Pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each Page. These numbers are used to determine the most current Page version on file with the Commission. Because of various suspension periods, deferrals, etc., the most current Page number on file with the Commission is not always the tariff Page in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.

2.7 INTERRUPTIONS OF SERVICE

2.7.1 General

- A. A Customer may request a credit to the Customer's account, if for reasons within the Company's reasonable control, there is a failure of Services which is not due to the negligence of the Customer, or to the failure of channels, wiring, equipment, facilities or power provided by the Customer. - B. Subject to the foregoing, in the event of an interruption, delay, or outage in the transmission of the services between the demarcation point and the Company's Network (a "Service Outage"), Customer may request a service credit as set forth in the table immediately below for the effected service (each, a "Service Credit"). The calculation of a Service Outage will be deemed to begin upon the earlier of: (i) Company's actual knowledge of the Service Outage, or (ii) Company's receipt of notice from Customer of the Service Outage, less (iii) any time Company is waiting for additional information. Notwithstanding anything to the contrary, in no event will a Service Outage be deemed to be or constitute a breach by Company for providing the service.
- a. For calculating Service Credits, every month is considered to have 30 days. A Service Credit is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the Service Outage.
- b. A Service Credit will be given for Service Outages as follows:

Length of Service Outage	Amount of Service Credit (% of Monthly Recurring Charges)
Less than 43.2 Minutes	No Credit
43.2 minutes up to 4 hours	10%
