

Lightpath

Enterprise Voice

The Smart Voice Choice for Your Businesses

Reliability

You already have a state-of-the-art PBX. Now get the best-in-class, flexibility, and flat-rate pricing of IP Voice service to go with it. Lightpath Enterprise Voice is a highly-scalable voice solution, delivering the award-winning quality and reliability of our 100% fully fiber-optic network. It works seamlessly with your PBX and eliminates TDM equipment for a more streamlined and cost-effective solution.

Choose your solution

Select from a variety of Minutes-of-Use packages (MOUs), from 10,000 to over 1 Million per month. Enterprise Voice is available with multiple handoff options to meet the needs of your voice equipment.

Whether you need traditional or IP Voice, Lightpath can connect you to the Public Switched Telephone Network (PSTN).

Solutions-based benefits

- We handle the provisioning and install and will work with your vendor to get you up and running.

Enterprise Voice features:

Multiple handoffs available for your voice equipment

- Business Lines
- PRI
- SIP Trunks

Simple, minutes of use (MOU) packages

- Packages start at 10,000 MOUs per month and go up to 1 Million + MOUs per month
- MOUs include local, domestic long distance (including Alaska, Hawaii, Puerto Rico, U.S. Virgin Islands, American Samoa and Guam)
- International Long Distance and Toll Free are also available, additional charges will apply

Experience the ease of Metro Ethernet and our 100% fiber-optic network

Unsurpassed reliability. Our fiber-optic network provides superior network availability and resiliency.

Valuable security. We protect and segment all customer traffic on our network.

True simplicity. Our seamless installation and Customer Care make it easier to manage your network.
