Lightpath

LP UC Education Packages

One cloud communications platform for every classroom, campus and office.

Schools run on communication – between classrooms, across campuses, out to families and, in an emergency, to first responders. Aging phone systems, disconnected platforms and lean IT teams make that communication harder to manage.

LP UC Education Packages bring voice, video, texting, chat and Microsoft Teams together on one secure cloud platform, keeping campuses connected, families informed and IT workloads manageable.

Keep every campus connected and safe

Tie cloud calling into compatible paging, bell and emergency notification systems, with location-based 911 built in

Reach students, parents and staff

Call, text, chat and meet from a work number on mobile, desktop or desk phone. Staff keep their personal numbers private.

Simplify IT and stretch every budget dollar

Replace aging phone systems with one cloud platform that scales across every school. License people and classrooms separately.

Choose the right package	Educator Bundle	Education Admin
Best for	Teachers and staff who need mobile or desktop apps	Leaders and staff who need Webfax, Advanced Hunt Groups or more storage
Licences	1 UC license + 1 resource line for the classroom phone	1 UC license
Phone numbers	2	1
Texting	500 SMS	500 SMS
File Storage	5 GB	50 GB
Video Meetings	25 videos / 200 attendees	100 videos / 200 attendees
Webfax and Advanced Hunt Groups	—	Included

1-year rolling archiving, 10 auto attendants and 10 hunt groups included with every account

Built for safety and compliance

- Location-based 911 supports compliance with Kari's Law, RAY BAUM'S Act and Alyssa's Law
- Multi-factor authentication, single sign-on and encrypted communications
- Communication records retained to support FERPA and Clery Act requirements

Why Lightpath?

Over 400 school districts already count on Lightpath to stay connected. Add voice and you get one provider, one bill and one team to call — backed by a 24/7 Customer Care and Network Operations Center (NOC).

Available to eligible PreK, K-12, higher education and vocational schools.
